We welcome in, to raise up, and send out mature followers of Jesus Christ!

A NOTE FROM OUR PASTOR

On July 27th, our congregation was greeted with pictures of a building in the office hallway. Many of you saw those pictures. They are the result of our architectural team's thorough examination of our building after a full day of work. Last year, the church voted to hire an architect to address our current building's limitations regarding access and space for gathering without impeding the flow of the congregation in and out of the building. On Sunday night, there was a higher attendance at our business meeting to discuss the matter. Those present are aware that we are still some distance away from making a decision. I asked the congregation to start praying. Unlike many of our prayers, I specifically asked for discerning prayer. Most Christians, when praying, take specific needs to the Lord with a preferred outcome in mind. Basically, we already know what we want, and we ask God to provide it.

Discerning prayer is different. We have a big decision to make, but we are not quite sure what God wants us to do.

In the Bible, there is a mixed record of God's favor on different projects. Sometimes, God specifically requests and empowers people to build, such as the construction of the tabernacle. (Exodus 31:1-6) Other times, a leader will be moved to great work in service to the Lord, like Nehemiah. There are times, however, when a righteous desire to build does not fit God's desire. A prime example is when David sought to build a temple. (2 Samuel 7:1-13) Is Southside's building plan like Bezalel's, Nehemiah's, or David's? I don't know. This is why I am pleading for prayers of discernment.

Would you be willing to ask the Lord for direction for our church? People have already said that they are praying every day for wisdom and clarity for this decision. I am asking for our entire congregation to do the same. We will also spend some time in prayer on Wednesday nights at our Prayer Meeting, which will be devoted to this issue. I hope you will come when we resume on August 13th at 6 p.m.
